PROFILE SUMMARY

Passionate and results-driven Full Stack Developer with 4+ years of experience in building scalable, secure, and high-performance web and mobile applications. Proficient in PHP (Laravel), Flutter, Firebase, Supabase, MySQL, and modern frontend frameworks including Next.js, ReactJS, Tailwind CSS, and Bootstrap. Skilled in API development, database architecture, real-time data handling, and server deployment (shared hosting and VPS). Experienced in third-party integrations, cron job automation, and end-to-end project execution. Adept at using AI tools like v0, Cursor, Lovable, and Bolt to enhance productivity, accelerate development, and deliver intelligent, efficient solutions. Strong collaborator with the ability to work independently or within agile teams, delivering clean, maintainable code and complete digital products.

KEY SKILLS

Backend: PHP (Core, Laravel 12, CodeIgniter, WordPress)

Frontend: Vue.js, Next.js, ReactJS, Blade Templates, TailwindCSS, Bootstrap, Alpine.js, LiveWire

Mobile Development: Flutter (API Integration, Cross-Platform Apps)

Database: MySQL, Supabase, Firebase (Auth, Realtime, Notifications)

Version Control: Git, GitHub

Server & Deployment: Apache, Nginx, Shared Hosting, VPS, Cron Job Automation, SSL, Security Hardening

CMS & E-Commerce: WordPress (Custom Themes, Plugins, WooCommerce), SEO Optimization, Performance Tuning

Tools & Utilities: VS Code, Postman, Figma, Gimp, Word, Excel

Testing: PHPUnit (Unit/Feature Testing), Postman (API Testing)

Practices: MVC Architecture, RESTful APIs, TDD (Test-Driven Development), Repository Pattern, Agile/Scrum, Clean Coding Standards

PROFESSIONAL EXPERIENCE

Full Stack & Laravel Developer

Ramel Techno Solutions

Dec 2025 | Prohibition period

- Developing and maintaining a project management system with Laravel, focusing on modules for documentation, approval workflows, and user dashboards.
- Enhancing system usability and reliability by implementing user-friendly interfaces, automating business processes, and ensuring secure, scalable application architecture.

Full Stack Developer

Arkmedis Edutaint Private Limited

Aug 2021 – Nov 2025 | Full-time

- Built scalable academic web platforms and Flutter mobile applications.
- Developed and integrated secure APIs for real-time learning systems.
- Automated critical backend processes via cron jobs and optimized database queries for high-load environments.
- Handled full-cycle project deployment: VPS setup, security hardening, and application scaling.

PROFESSIONAL EXPERIENCE	PHP Web Developer Hyse Software Solutions <i>Jan 2020 – Nov 2020 Full-time</i> Delivered end-to-end project lifecycle — from requirements gathering to production deployment.
